

LED Excel Panel Light – 5 YEAR WARRANTY- ESP3610

Product Specification

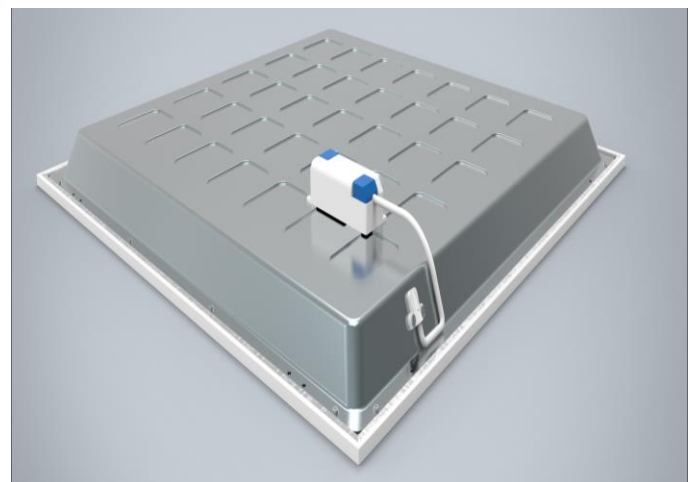

- Aluminium frame + Galvanized plate
- Mitsubishi PC cover (Pro version), PS cover (TOP version)
- NO LGP, never turn yellow, flickering free, high uniform of light distribution
- IP20, IK04, UGR<19, 100lm/W
- Philips Lumileds Technology ~ Colour: 4000k
- Minimum 50,000hrs lifespan
- Ceiling / suspending / surface mounted / recessed installation

Product Structure

- Premium Aluminum frame
 - Does not easily deform
 - Press-down design
 - Solid with cover
- Mitsubishi PC cover/PS:
 - Pass anti-UV test
 - No color change - 10 years
- Galvanized plate
 - Improved durability

- Philips Lumileds Technology
 - Bigger lens 13.5mm diameter of LED chips
 - Higher efficient performance
 - LED distributed evenly for constant smooth illumination
- Easier Installation
 - 4-Pin driver optional
 - Minimize cable usage, much easier for installation

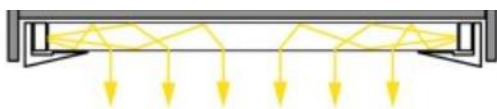

Power	Size	LED chip	CCT	CRI	Lumen	Beam Angle	Cover	Warranty
36W	595*595*38	2835	4000K	>83Ra	3600 lm	≥110°	Frosted	5 YEARS

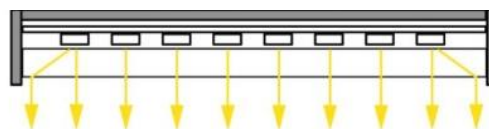

Comparison Between Back-lit & Edge-lit

- No LGP, never turn yellow! Better UV resistance. Good & Even heat dissipation on every point
- More even light distribution, higher luminous efficiency
- Higher efficiency and more economical
- UGR less than 19

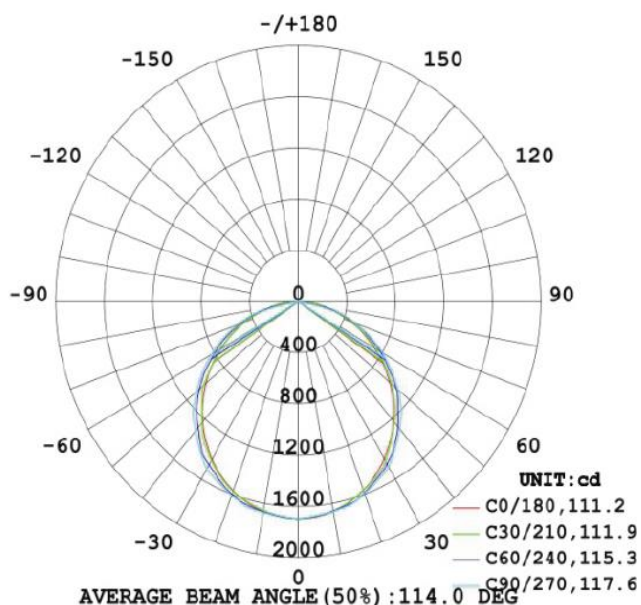

Edge-LIT

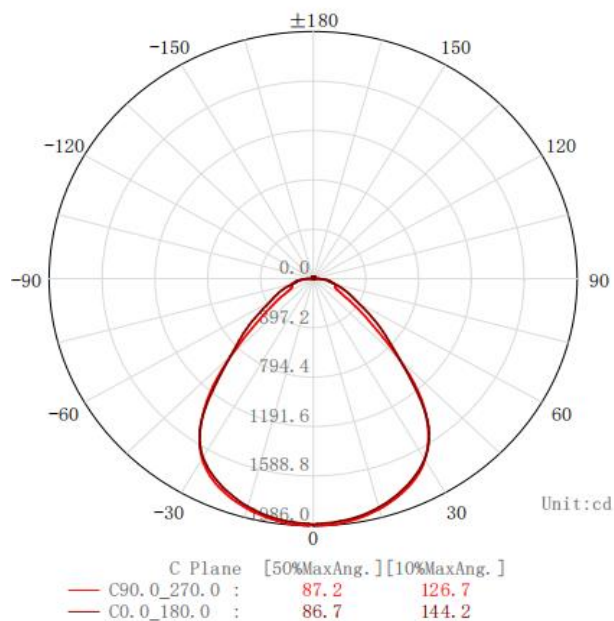

Back-LIT
